

### **Dockhand – Filling Multiple Positions**

The Homewood High & Dry Marina, located on the West Shore of Lake Tahoe, is currently hiring seasonal full-time or part-time Dockhands to join their team during the summer.

### **About Homewood High & Dry Marina**

Located along the beautiful shoreline of Lake Tahoe, CA Homewood High & Dry Marina has been serving the Lake Tahoe area since 1967 and was the first marina in Lake Tahoe to utilize dry rack storage. Positioned nearly at the center of the West Shore, the Marina consists of indoor and outdoor dry rack storage, and on-the-water buoy storage. In addition, Homewood High & Dry Marina offers on-site boat service and features a harbor with four launch bays, three fueling stations with a public fuel dock, two DC fast chargers for on-the-water electric boat charging, two eFoil charging stations, and a head pump out.

### **Dockhand Overview**

Looking for a summer job that combines work with time on Lake Tahoe? We are seeking reliable and motivated individuals to join our team as a Dockhands. Dockhands are responsible for the safe mooring of boats and general operations of the docks by facilitating and assisting in coordinating the arrival and departure of boats, maintaining a safe and clean environment, and acting as the initial liaison between customers and the marina management team. Dockhands are responsible for refueling boats, cleaning boats, spotting for forklift drivers, and routine maintenance/cleanup on the property. Qualified dockhands will be operating the buoy boat to shuttle customers to/from boats in our buoy field. On-the-job training and boat driving lessons available for the right candidate.

- Must be responsible, place an emphasis on safety, customer service, and accountability and communicate well.
- *This is a Summer Seasonal position.*
- Requirements - Boating License
