

Marina Service Mechanic - Filling Multiple Positions

Homewood High & Dry Marina, located on the West Shore of Lake Tahoe, is currently hiring seasonal full-time or part-time Marina Service Mechanics to join our team during the summer.

About Homewood High & Dry Marina

Located along the beautiful shoreline of Lake Tahoe, CA Homewood High & Dry Marina has been serving the Lake Tahoe area since 1967 and was the first marina in Lake Tahoe to utilize dry rack storage. Positioned nearly at the center of the West Shore, the Marina consists of indoor and outdoor dry rack storage, and on-the-water buoy storage. In addition, Homewood High & Dry Marina is a full service marina offering service, sales and storage. Facility includes three launch bays, three fueling stations with a public fuel dock, two DC fast chargers for on-the-water electric boat charging.

Marina Mechanic – Boat Service

We are looking for dynamic individuals to join our team as a Marine Mechanic.

Our work environment is safe, friendly and clean. Shop space includes three indoor service bays with overhead lighting. Service department includes a fully equipped outdrive repair shop.
